NO. 3 · PROGRESS MAY – OCTOBER 2026

WHAT WE ACHIEVED

In July 2026 Green Horizon went public. Three dissemination conferences showed the videos and the photo exhibition to young people, youth workers, organisations and local institutions, and a final partner meeting in Mersin looked back at what the project achieved and how to keep it going.

The dissemination event in Mersin.

17 JULY 2026 · ROMANIA

Empower Plus opens the conferences

Empower Plus presented the whole journey, from the training course in Brașov to the local workshop, with photos from the course on screen and its own channels for anyone who wanted to stay involved.

22 JULY 2026 · MERSIN, TÜRKIYE

Climate stories from the Mediterranean

IESA brought together young people, teachers and local organisations to see the results and discuss how to use drones and video in their own climate work.

The conference in Romania.

25 JULY 2026 · BONN, GERMANY

Closing the circle

Integrational e.V. hosted the last conference in Bonn, where the project began a year earlier.

31 JULY – 1 AUGUST 2026 · MERSIN, TÜRKIYE

The final partner meeting

The three partner teams evaluated every activity, agreed a sustainability plan to keep the website and results online and in use, and discussed ideas for future projects together.

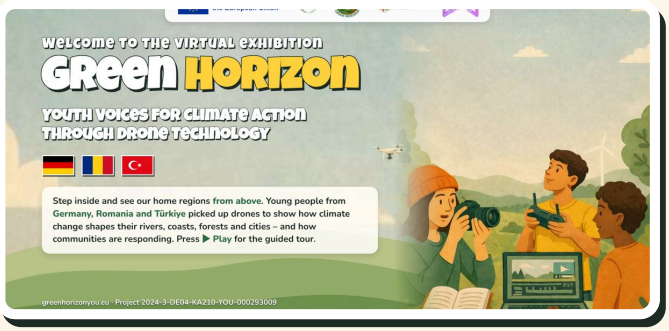

Participants at the conference in Mersin.

ONLINE SINCE OCTOBER 2026

Step inside the VR exhibition

The photo exhibition now lives online on Artsteps: drone photos of the Rhine, the Carpathian forests around Brașov and the Mediterranean coast of Mersin, arranged in rooms for each country, with a guided tour. It is the digital version of the exhibitions shown at the conferences, open to anyone, anywhere.

The entrance of the Green Horizon VR exhibition.

FREE TO USE

Take our results further

The booklet, the videos and the VR exhibition are free on greenhorizonyou.eu under CC BY-SA 4.0. Use the booklet to plan your own drone workshop, show a video to start a discussion in class, or take your group on the virtual tour. Tell us how it went.
